Festive party planning giving you a headache?

NO SWEAT - WE CAN SHARE THE LOAD

At Vodka on Toast we sleigh during the holidays, because we love Christmas and we love throwing a party. December is a great time to show your staff how much you appreciate them. And this year we're on a mission to save PAs from time-consuming event planning. We can take care of everything and help you organise the most intimate of festive gatherings, a Santa's grotto for families or a massive Christmas party with all the trimmings.

"Zoe is organised, professional and detail-oriented - no task is too much trouble and no stone is left unturned. For the past two years running, Zoe has organised and managed our Christmas events. Her creativity, flexibility and passion for her craft has made each event more magical than the last."
